### Technical Expertise

Mechanical Engineering

Automation and Robotics

Information and Communication  
Technology (ICT)

New Digital Technologies

Medical Engineering

Green Technologies

### Legal Expertise

Patent and Utility Model Protection

Opposition and Appeal Proceedings

Patent Infringement and Nullity  
Proceedings

**Dr.-Ing. Alexander Schlotter is one of the founding partners of the firm. He holds a doctorate in engineering and has been admitted as a German Patent Attorney and as a European Patent Attorney since 2005 and 2004, respectively.**

### Legal Practice

Dr.-Ing. Schlotter has been active in the field of intellectual property since 2001, first in a larger Munich law firm, then as a Patent Attorney in his own firm, before joining forces with the other named partners to form the law firm Wallinger Ricker Schlotter Tostmann in 2007.

In his daily practice, Dr.-Ing. Schlotter is particularly involved in drafting, obtaining, and defending patents for his clients, as well as attacking opposing patents before the German and European Patent Offices and the German Federal Patent Court, both in first and second instance proceedings. Dr.-Ing. Schlotter regularly advises his clients on patent strategy issues and represents them in infringement proceedings before the civil courts.

He was a member of the examination board for Patent Attorneys. In 2012, Dr.-Ing. Schlotter was offered an appointment as professor for intellectual property law at OTH Amberg-Weiden (Technical University of Applied Sciences). Due to his technical and patent law expertise, Dr.-Ing. Schlotter is particularly involved with problems concerning computer-implemented inventions, as well as those with a mechanical, control, and medical technology background.

## Career

2012

Dr.-Ing. Schlotter received an appointment as professor for intellectual property law at OTH Amberg-Weiden (Technical University of Applied Sciences)

2007

Merger with the other name partners to form the law firm Wallinger Ricker Schlotter Tostman

since 2004–2005

Admission as a German Patent Attorney as well as a European Patent Attorney

2001–2007

Active in the field of intellectual property, first in a larger Munich law firm, then as a patent attorney in his own firm

Doctorate with summa cum laude under Prof. Pfeiffer with a thesis on the dynamics, control and optimization of a novel telerobot, in parallel eLeadership of an own engineering office

1997–2000

Research assistant at the Chair B for Mechanics of the Technical University of Munich

1997

Studied mechanical engineering with specialization in theory and research at the Technical University of Munich 1997 graduated with distinction

### Technical Expertise

Mechanical Engineering  
Automation and Robotics  
Information and Communication Technology (ICT)  
New Digital Technologies  
Medical Engineering  
Green Technologies

### Legal Expertise

Patent and Utility Model Protection  
Opposition and Appeal Proceedings  
Patent Infringement and Nullity Proceedings

# Dr.-Ing. Alexander Schlotter

Dipl.-Ing.

## Technical Background

Dr.-Ing. Schlotter graduated with honors from the Technical University of Munich in 1997 with a degree in mechanical engineering, specializing in theory and research. During his studies, Dr.-Ing. Schlotter worked as a research assistant at the Chairs A and B of Mechanics, of Thermodynamics, of Control Engineering, and of Machine Elements, as well as with the Großhadern Hospital.

From 1997 to 2000, Dr.-Ing. Schlotter was a research assistant at Chair B for Mechanics at the Technical University of Munich, where he received his doctorate summa cum laude in 1999 with a thesis on the dynamics, control, and optimization of a novel telerobot under Prof. Pfeiffer. During this time, Dr.-Ing. Schlotter also ran his own engineering office and successfully created and supervised programs for the simulation of noise problems in automatic transmissions (in cooperation with Daimler-Chrysler), for the design of gear drives (in cooperation with Volkswagen) and for vibrations in printing machines (in cooperation with MAN Roland, MAN Plamag).

## Memberships

- + Patent Attorneys Association (PAK)
- + Institute of Professional Representatives before the European Patent Office (epi)
- + International Federation of Intellectual Property Attorneys (FICPI)
- + International Association for the Protection of Intellectual Property (AIPPI)
- + Association of Intellectual Property Professionals (VPP)
- + German Association for the Protection of Intellectual Property (GRUR)
- + Bavarian Patent Attorneys Association (BayPat)

## Publications

A. Schlotter, F. Pfeiffer, Optimization of a New Tele Robot, Stochastic Optimization Techniques, in: Lecture Notes in Economics and Mathematical Systems, Vol. 513, 312, Springer-Verlag, Berlin (2002)

A.Schlotter, Dynamics, control and optimization of a novel robot, Fortschr.-Ber. VDI Series 8, No. 833, VDI-Verlag, Düsseldorf (2000)

### Technical Expertise
